

Partnerships.

It's about delivering a sustainable, logical and profitable innovation shift in the construction industry for the betterment of New Zealand.

Information Education Advocacy

- Increase design-led, innovative construction
- Maximising quality, productivity + sustainability
- Minimising time, resources + injuries
- Leading in delivery of a diverse environment

Our Mission.

PrefabNZ will lead the drive for the uptake of offsite construction and work to remove barriers.

PrefabNZ will challenge the wider sector by highlighting the many benefits of offsite construction.

PrefabNZ will engage with all parts of the sector to ensure better, smarter, more affordable and healthier buildings.

PrefabNZ is a social enterprise for a better built environment that informs, educates and advocates for innovation and excellence in offsite design and construction in New Zealand. We are powered by our Partners and Members, who are at the heart of everything we do. We are passionate about how prefabrication and new technologies can achieve a better built environment - higher quality, smarter, greener, safer, faster, more innovative and efficient building solutions.

Our Focus.

Technology: Lighting the pathway to innovation in quality construction

Economic: Capacity and capability; Procurement and financing; Changing the boom bust cycle; Business case for investment.

Legal: Consenting and compliance; Spreading risk exposure; Communicating health and safety advantages

Political: Working through roadblocks; Influencing the regulatory environment and productivity; Conduit to delivery of quality dwellings; Challenging the status quo.

Social: Conduit for better, faster, smarter, healthier buildings; Enabling medium density compliance; Illustrating what is possible (e.g. Design competitions and demonstration projects); Sustainable regional growth supporting waste reduction and safety.

Collaboration: Skills sharing

Our Values.

- Fun
- Friendly
- Caring
- Genuine
- Authentic
- Honest
- Integrity
- Hard working
- Ethical
- Social responsibility
- Collaboration
- Open
- Embracing diversity
- Flexible
- Great for NZ

Right here, right now
Does this align to your organisation's future?

Get involved.

We want to take you on this journey with us, to maximise the best outcome for your organisation, and to be an active participant in the migration towards prefabrication and offsite construction? We invite you to join us by contacting me and I will be happy to discuss partnership with you.

It is about collaboration, what's good for you that aligns to our values, is good for us.

Please just get in touch:

Paula MacLachlan, Partnership Manager,
E paula@prefabnz.com M: +64 21 710 961

How is PrefabNZ governed and operated?

We are a registered not for profit organisation established in 2010. Several new board members are elected each year at the PrefabNZ Annual General Meeting in June. They represent a wide range of stakeholders and a wealth of experience. PrefabNZ Members are invited to nominate and vote for their preferred Board Members each year. On the ground we are led by Pamela Bell, Founder + CEO, supported by a lean team of staff:

How does PrefabNZ influence change?

With a focus on collaboration, PrefabNZ calls it straight. Supported by research and industry input, PrefabNZ collates data to reach insightful industry trends and opportunities. These are published to our members, presented at our events, and frequently supported by individual partners. With a strong relationship with Government Ministers and officials, this research is influencing solutions and changes in industry that benefit ease of business, rural growth and urban solutions, whilst maintaining a focus on quality.

Why is your partnership so critical?

Without the influence, action and collaboration of our Partners, change in the industry would not be possible. Our Partners stand out as being at the heart of innovation contributing thought leadership and enabling industry advancement. They contribute knowledge, time, energy and money to instigate and communicate ground breaking change to prefabricated construction. PrefabNZ is your conduit to influence the political environment.

Who are we influencing?

PrefabNZ has contacts nationally and internationally and through its collaborative approach has a voice with:

- Industry, Developers, Designers, Specifiers, Constructors, Government, Local Government, Cross Industry associations.
- Through our events held throughout New Zealand, we connect in an informal manner, a cross section of industry professionals to align thinking and expertise and explore new innovations.

Who make up PrefabNZ's Membership?

We are growing every day and as of April 2018 we have over 300+ Members across the design and construction sector, including architects, builders, construction firms, developers, engineers, investors, manufacturers, quantity surveyors, researchers, retailers, policy makers and project managers. See updated numbers online at :
prefabnz.com/directory

How will PrefabNZ assist your business?

- Alignment with an established social enterprise that is good for NZ Inc.
- Exposure to over 4000 newsletter subscribers, 1100 Facebook followers, over 4000 promotion followers, Twice daily Facebook + Twitter posts and over 3000 LinkedIn followers.
- Logo and links on PrefabNZ website – over 100,000+ visitors per annum.
- Connection to a range of industry organisations and across the construction sector.
- Collaboration with industry peers through events and meetings.
- Connection to research and cutting-edge minds.

Daily

...at meetings, speaking engagements, through newsletters, media, phone calls and emails LinkedIn, Facebook, Twitter, and wider media, reaching far beyond New Zealand's shores and punching well above our weight at home.

Events

CoLab, PrefabNZ's 2018 annual conference was our BIGGEST and BOLDEST annual event yet – over 300 people, 150 Members, 21 media pieces, 5 international speakers, 3 official launches and 1 great bank finance update – the conversations flowed, thoughts were provoked, sponsors thanked, built-interactives were experienced.

Cluster events are a PrefabNZ hub for collaboration in the built environment. This is a bringing together of likeminded associations' members to cross pollinate ideas and a forum to present new ideas within the New Zealand context. An informal platform, our Cluster partner associations share information between memberships and industry.

Innovation Shift Masterclass series

New in 2018, this series creates an advocacy influencing platform for Foundation partners and members, to deep dive into industry issues through a hands-on, seminar-based forum – delivering on procurement, consenting and finance issues with an emphasis on practical solutions.
